April 2019 Newsletter

School Closing

The school will close on Wednesday 17th April at 12 noon for the Easter break and will re-open on Monday 29th April for the summer term

Congratulations

Congratulations to St Michael's College on winning the All-Ireland Final on Saturday in Croke Park. A special congratulation to our past pupils who were on the panel, Darragh McBrien, Garvan Quigley, Frank Rafferty and Glen Treacy. Well Done boys, such an amazing achievement.

Easter Egg Hunt: We are hoping to have an Easter Egg hunt on Tuesday 16th April. In order to ensure that everyone receives an Easter Egg we would really appreciate if you could send an Easter egg in with your child. We will then mix them up and use them in the egg hunt. Thank-you for your support.

Ulster Final

Good luck to our Year 7 boys who are in the Hurling Final in Magherafelt on Wednesday 10th April. Good luck boys we know you'll do us proud.

Young Achiever

Congratulations to Jamie Lannon in Year Seven who has been invited to attend the Young Achievers Reception hosted by Fermanagh and Omagh District Council. Jamie has been recognised for his achievements in swimming. This is a wonderful honour for Jamie and we are delighted for Jamie and his family.

Action Heroes

Amy from Action Cancer was here last week and worked with P1,2,3 and 4 children on how to stay healthy and well. They had a great morning. Lots of pictures on our school website.

PTFA

Many thanks to our wonderful PTFA committee who are passing on the baton now. Edel Dolan, Una Greene, Fiona Leonard, Denise Quinn, Claire Cartin have worked tirelessly over the last few years setting up the PTFA and organising events, getting grants, securing support etc. We are so grateful for all their hard work and dedication to the school. The ladies have graciously agreed to support the incoming committee over the next few months.

Space Dome

The Armagh Planetarium is bringing its space dome to the school on Wednesday 10th April. We are really looking forward to getting inside and seeing the solar system, stars and planets.

Gardening Club

Gardening Club with Miss Tracey continues every Monday after school.

Litter Picking

Well done to Mrs McDermott's class who tidied around the whole school today with Claire from the council. They did a great job. The whole school is shining. Thanks everyone.

Sam and Cahir making the place "spick and span".
